

Data Flow Diagram

Date	4 JULY 2026
Team ID	SWUID2026215775
Project Name	Credit Card Approval Prediction
Maximum Marks	2 Marks

Data Flow Diagram

Create a Data Flow Diagram (DFD) to show how data moves through your system - between external entities, processes, and data stores. Use the symbol legend below as a guide.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	Customer (credit Card applicant)	A person who applies for a credit card by providing, personal, financial, employment details
Rectangle with numbered header	Process	Performs system operations such as application submission, data validation, machine learning prediction and approval decision
Rectangle (solid fill, no number)	Data Store	Stores customer information, credit history, income details, and predictions results for future use
Labeled arrow	Data Flow	Represents the movement of applications data between the customer, processes and data stores

Example

The diagram below illustrates how the symbols above come together to form a complete data

flow diagram.
